

Sabra L. Karr, Broker of Record of Villager Realty, Inc. has announced the names of Villager Agents selected to be honored as **Agent of the Quarter** in the Third Quarter of 2024. The nominees for this quarter are well educated agents who have succeeded in navigating the changes in the Real Estate industry late this summer.

“I am very proud to announce **Drew Sassaman** from our Danville Office as our **Villager Realty Agent of the Quarter** for this third quarter. Not only has Drew achieved a personal best in sales production during this time period but he has also mastered the science of digital marketing to such an extent that his skills have become noticed beyond his office and he has been asked to be a Marketing Panelist at the upcoming Columbia Montour Chamber Business Leadership Forum. Well done Drew!”

**Jessica Herman** from the Northumberland Office was nominated this quarter for continued growth in her role of Property Manager of the Northumberland Office. “Jessica remains active in listing and selling real estate, and also shares her depth of knowledge with this growing office. Jessica is an asset not only to the Company, but also to the Community,” said Karr.

The Lewisburg Office selected **Ray Beachy** this quarter as their nominee for the Agent of the Quarter honor. After a slow start to 2024, Raymond also achieved a personal best in sales production putting his transaction management skills and experience to the test.

“We are so grateful for the depth of our team”, said Karr. “Heartfelt thanks and congratulations are in order for each of these outstanding Realtors®.”
