## **Service 1st donates utility building to Muncy Area Volunteer Fire Company**

(Danville, PA) - Service 1st Federal Credit Union recently donated a utility building to the Muncy Area Volunteer Fire Company located at 932 East Penn Street, Muncy.

Ben McDuffee, Assistant Vice President Muncy Market, Service 1st, presented Company 39's Fire Chief Scott Delany, President Daniel Knapp and Treasurer Greg Girven, with an \$8,500 donation to purchase the building and pour/install a concrete pad for the entrance.

According to Delany, the building will allow the fire company to store its seasonal use items, such as snowplow attachments and lawn equipment, allowing the fire company's bays for the fire trucks and other emergency vehicles to be free of obstructions. It will help the department respond to emergencies more efficiently, and the volunteers will be able to better utilize the space in the main building for serving the larger apparatus equipment.

The Muncy Area Volunteer Fire Company's new station is the result of years of planning that began with the merger of the Muncy Creek Volunteer Fire Company in Clarkstown and Keystone Hook and Ladder Company, formerly located on Main Street in the Muncy Borough. The merger occurred in 2011, and the need for the new building was realized almost immediately. The project came to fruition with the opening of the new building in fall 2023.

"Support community is one of our seven core values at Service 1st," said Ben McDuffee. "We look forward to continuing to help those that selflessly help our community."

The fire station is less than a half mile from the new Service 1st Office located at 200 Muncy Creek Boulevard, Muncy.
