What Clients Have to Say ...

"Liz has been a positive and influential part of our recruiting efforts. Liz will meet with your perspective candidates, take the time to get to know their likes and dislikes as well as their family priorities and share with them all that our beautiful area has to offer!"

Natalie McIntyre Kawneer Regional Human Resource Manager

"Liz made our experience of getting to know the area and "looking out for our interest" while looking at properties worry free. Liz made sure we understood the challenges and history when it came to certain properties we originally discussed with her. Closing on our property was the easiest we've had in our four moves with the company in multiple states. Liz's support through the purchase, setting up inspections and follow up needs were outstanding and after closing Liz continues to be extremely helpful answering any and all questions we've had. Thanks for helping us get settled in our new community!" **Bill and Marilyn M.**

"Our family needed to relocate to the area for a position I accepted within CSS Industries. Being new to the area, we had no idea where to look, how things worked or even how to begin our search for a new home. Liz Masich with Key Partners Realty was recommended to us to help us begin the process. Liz proved to be more than helpful introducing Bloomsburg and the surrounding areas to us, helping us find and ultimately choosing a place that checked all or boxes in a short amount of time. We were very happy with Liz, her complete knowledge of the area, and her personal attention she happily provided to my wife and I both during and after the entire relocation process. We love our new home and are very much enjoying the area, just as Liz predicted!" **Anthony S.**
