

Professional U at Bloomsburg University connects students with alumni, employers, and opportunities integrating the academic experience with professional experience in “real world” settings. Through the exploration of professional development topics and experiential learning, students build skills and confidence which prepare them for personal and professional success upon graduation.

Opportunities to Connect:

Brand Awareness

- **On Campus Engagement** – Provide information to students about your organization through Information Tables, Information Sessions, and Professional Development Events. Join us for one of our already established events like the Career Intensive Boot Camp or choose a day that works for your organization.
- **Workplace Observations** – Help students see what a day (or week) is like at your organization! Husky Shadows, our job shadowing program, and Career Road Trips, on-site visit to your organization, are two opportunities for students to experience and learn about your organization!

Recruit

- Internship and Job Postings
- On-campus Interviews
- Career Expos

Handshake: BU’s Online Career Management System*
